Adaptive Force Performing Arts August 2016 Newsletter

Dear AFPA Family,

While it is great to have a break over the summer, it is even better to see all of our students and their families back to dance. Now that we have more than two weeks under our belt, we thought it would be the perfect time to send out our first newsletter of the year.

This newsletter is sent out every month to help keep you informed about what is happening at the studio and in the community, as well as with our amazing dancers and faculty. We also keep an archive of all our past newsletters on our website. You can always [click here](#) to read or reference our previous issues.

Welcome back and thank you for your support. We are looking forward to a wonderful year of dance!

Mike & Amber Wittmers

Congratulations August Students of the Month!

Sophia Piacquadio - AFPA Academy Dancer

Sofia started at AFPA last season with just a single Acro class. This Summer, she participated in both weeks of our Summer Camp and got to try all different styles of dance. For our current season Sofia is now registered for Ballet, Hip-Hop, and Acro. We are so happy to see Sofia's love of dance grow and excited that we can be a part of it!

Skyler Teegarden - AFPA Performance Company Member

Skyler is a member of our Magnetic Force and this is her sixth season at AFPA. Skyler is a great student in class. She is always focused and gives one hundred percent effort, no matter what the style. Skyler's stage presence is second to none. Just by watching her on stage, you can tell she loves to dance! Over the Summer, Skyler was selected as a model for AZ Kids Fashion Week at the Wrigley Mansion. We know she'll be great on the runway and we

Thank You Austin Spacy For An Awesome Class!

From time to time we invite guest teachers to come and teach an extra class. Not only does this provide our dancers with additional training, but also exposes them to different teaching styles and choreography. Austin Spacy taught the group pictured below a fun and challenging hip hop master class and we hope he will be back again soon!
